

## YHA MEN'S CUP DRAWS FOR SEASON 2019-20

### YHA MEN'S LEAGUE CUPS INFORMATION

The way we run the cups has changed this year with the hope that more teams will stay in the competitions.

- Each round of each cup has a 'must be played by' date (except the final of each competition).
- This will vary from cup to cup dependent on the number of teams entering the competitions.
- Each round must be completed by the date shown.
- Clubs can arrange to play fixtures at any time up to and including the date shown and will need to be agreed with opponents.
- First named teams (home teams) will be expected to contact opponents to confirm a suitable date, time and venue for fixtures.
- Once confirmed with opponents the home club will need to update the YHA Website with the relevant details of the fixture.
- We recommend that fixtures are arranged as soon as possible once opponents are known and are played as early as possible before the required date of completion.

### LEAGUE CUP PLAYER ELIGIBILITY

Selection of teams is expected to be consistent with that normally selected for each team's league matches.

### CUP MATCH SHEETS

- Cup match sheets must be used for all cup matches. These can be downloaded from the YHA Website.
- Match sheets for all games will be scrutinised and any teams found to be playing ineligible players will lose the game by default.
- Both sides in each fixture must complete home and away match sheets as appropriate, and these completed match sheets must be handed to the umpires before each match.
- After the match the home team captain is responsible for making sure that goal scorers and any players receiving cards are added to both home and away match sheets before away teams leave.
- Away team captains are expected to ensure that goal scorers and carded players are entered on to the away team match sheet.
- The home team captain is ultimately responsible for ensuring that both home and away match sheets are correctly filled in and signed by umpires and both captains.

**PLEASE NOTE:** teams are expected to make every effort to play cup fixtures and to do their best to avoid conceding matches.

We have given teams the freedom to arrange matches within a set time frame and we hope this will help prevent concessions.

**REARRANGED LEAGUE MATCHES** take precedence over Cup Fixtures.

Please ensure that postponed League Matches are rearranged as soon as possible after postponement.
